“Attracting” Mr Limbers

Our students have been fortunate to have received some fun “hands-on” Science experience from Mr Limbers over the last two weeks. Students in groups of three had fun with the “attracting and repelling” forces of magnets last week while this week we saw the “lights turn on” as students became familiar with electrical circuits. Pretty cool stuff!! We extend a huge thank you to Mr Limbers for sharing his time and expertise with all of us. It’s great to have a physicist in the family!

Science Design Tasks: I do hope minds and hands have been busy with this year’s design task. The due date for this model and its paperwork is Wednesday 25th June. You are welcome to bring them in any time on or before that date. Please remember if you are experiencing any difficulty with this task, to speak with one of the teachers. We are more than happy to assist in any way we can. Please take it as a time to connect (no pun intended!), to discover and share together.

Helping Hands Morning Tea: Thank you once again to the wonderful parents who were able to attend, making Mrs Urio’s job just a little easier. We always appreciate your efforts and welcome your attendance here at school.

Footsteps Dance: I am so impressed with the moves and behaviour of students as they participate in this fabulous activity. Well done guys. You Rock!!!!

Senior Camp: Mrs Mac had the pleasure of accompanying some of our yr 5 and 6 students to Pt Wolstoncroft on Tuesday, Wednesday and Thursday of last week. In spite of the fact that she was not very well, Mrs Mac reported an amazing time with fabulous children and exciting activities. What more could I ask? We look forward to the reports from students at our next assembly. Wishing you a speedy recovery Mrs Mac.

P&C Meeting: Our next meeting will be on the first Tuesday back after the holidays, 15th July at 7pm. We look forward to seeing as many of you as possible at that meeting.

School Reports: Our school reports will be sent home on Friday along with an invitation for a parent teacher interview. If you wish to speak to your child’s teacher, you will need to complete the form and return it to the office promptly with your selections of suitable times. Every effort will be made to accommodate your first preference. This is an opportunity to touch base with your child’s class teacher to discuss their performance. Interviews for parents of K/1/2 children will be held on Tuesday 24th June and interviews for parents of Yrs 3-6 students will be held on Wednesday 25th June. These interviews will be held throughout the day.

Work experience: Next week we will welcome Amanda Elkhazen back to our school for some valuable work experience. I am sure she will be of great assistance to all of us.
Mushroom Compost for SALE

Our P&C will be selling bags of compost for $2 per bag.

It should be delivered today and will be available until sold out.

You may realise that this is a very good price for such an excellent product for your garden.

Just add this to your garden beds along with a little cow manure... my garden loves it.

Thank you to all families who contributed in some way to both of these charitable organisations to support those in need.

Anglicare Food Drive

Stewart House Bags

Our P&C will be meeting on Tuesday 15th July at 7:00pm in the school library.

These meetings are short, fun and best of all.....

PRODUCTIVE!!!

We would love you to join us to help keep this school the amazing place it is and to ensure your children gain the benefits that previous years have been able to experience through the many efforts of P&C participation and guidance.

We have found that enormous tasks have fallen on but a few. It’s time we all shared the load a little.

Why not come along to be a voice to be heard. Share your thoughts. Maybe offer some assistance in some small way. We would really enjoy your company.

Feeling so proud to be leading a school with beautiful park-like grounds.

Thank you so much John Tyszyk for your genuine interest and care with our school grounds. They are magnificent... like you!

A small reminder to parents that if you have any concerns at all regarding your child, their work or an issue with another child in the school, we ask that you please speak to the class teacher to clarify the situation. Sometimes things are not quite as they seem.

Do remember that in a small school, teachers are extremely busy, covering anything from 2 to 4 duties a day as well as preparation and marking. It may be, therefore, better to make an appointment to ensure satisfaction all round.
